Created as a response to former Harvard President Lawrence Summers' now infamous suggestion that women are less represented than men in the sciences because of innate gender differences, *Truth Values* is a true-life tale that offers a humorous, scathing, insightful and ultimately uplifting look at the challenges of being a professional woman in a male-dominated field.

Following its critically-acclaimed, sold out engagements throughout the U.S. New York to San Francisco, and direct from M.I.T., UC San Diego is pleased to present Gioia De Cari's one-woman tour-de-force. A panel discussion will follow the show.

Co-hosted by AVC-Faculty Equity, Center for Research on Gender in the Professions, Chancellor's Advisory Committee on the Status of Women, Dean of Graduate Studies, and Department of Theatre and Dance.
